

6. Activity Codes

There are a variety of three (3) digit codes used in CATS to define events, training and non-flying events. Codes are grouped into several categories which contain a variety of activity codes within each grouping.

Activity codes within a category provide further details to a situation. The following are some of the more common codes used regarding FA activities. These codes can be viewed in CATCREW.

Activity Code	Definition/Uses
AIB	AIL - bypass indicates choices were unavailable
AIL	Availability Improvement List (Bid Sheet)
AIN	FA wants on the AIL but was a no contact
AVL	Available for duty
AVV	Reserve available for duty voluntarily on OFF/INV day
AWD	Block/Line or trip pairing award
BPR	Beeper and/or secondary phone number was called
BWE	FA removed for AIL; or retained own trip from AIL
COM	Company business
D/H	Deadhead activity
DBL	Double-Up on additional flying
DIF	Death in Family
DDH	Deadhead only duty period
DFT	Default, pay as published
DSI	Daily Sign in for a single trip
EMG	Emergency Event
ETB	Electronic Trade Board
FLX	Flight canceled in pairing
GIV	Pairing give; pairing removed from line

ILG	Illegal; FA is either illegal for the pairing/day
INV	Inviolable day for RSV FAs
JRY	Jury duty
LCI	Late Check-In
LGA	Flight leg added; outside of published pairing (I.e., D/H)
LGD	Flight leg deleted (opposite of LGA)
MAX	Maximizing time for the month
MIL	Military duty
MOV	Moving days
MSI	Monthly sign-in
NCT	No contact (applies to RSVs only)
NOS	No show for pairing
NSI	Not signed-in for trip pairing
OFF	Off day for RSV FA
O/P	Over-projected; pairing given up
O/T	RSV out of time for the month
PER	Personal reasons
REL	Release
REM	Remarks added by Crew Scheduling, Training, ETC
ROC	RSV remain on call
RPT	Report for duty
RSH	FA rescheduled
RTC	Reverse touch
SBC	System Bid Charter
SCK	Sick call

SCM	Stuck commuting
SMX	Split to maximize time
SNG	Show, no-go; FA reported and did not fly
SOC	Sick on contact
SSK	Split trip pairing sick
TDO	Training day off
T/I	Trip improvement
TRN	Training
UTL	RSV would have been utilized; update for sick
VAC	Vacation day/s
