PERSONAL STATEMENT:

I am passionate, driven, motivated and dedicated with six contractual years of service. I have the experience and leadership tools necessary to be a part of the Philadelphia union team. I have gone to bat for, provided merits for, and defended our colleagues when things have gone awry for them while flying. I am passionate about equality and will work diligently to ensure that all are well represented and thoroughly advocated for.

As a Peer Support Volunteer, I am never hesitant when tending to co-workers, and I have dedicated my personal time to going above and outside of my flight duties on our behalf. I possess a highly ethical work perspective and am completely devoted to the needs of our colleagues.

I take my role with the Critical Incident Response Team very seriously, as it relates to both personal and professional emergencies; and their long-term effects on those involved. I am proud that I have earned the trust of my peers and those with whom I have worked with and/or for personally and professionally. I look forward to diligently doing the same for those whom I have yet to meet.

Vote for me because I bring a stellar work ethic, an endearing heart for flight attendants, and a relentless approach to winning our cases and championing our causes. I am a qualified team player, and stand ready to make sure that we are valued and taken care of. It would be an honor to serve as your Vice-President.

PERSONAL STATEMENT:

Defending my coworkers and contract are at the forefront of why I volunteer to do Union Work. The duties of the Vice President are fluid. Taking direction from the Base President and supporting the flight attendants are an integral component of fully representing our base. The Vice President represents the flight attendant’s, without prejudice, in meetings and sees that the flight attendant’s rights are protected. If elected to serve for the remainder of this term, I will continue to work tirelessly side by side with the APFA Base President and PHL Representatives.
