

Updated timeline: TTS first run April 2, ETB first run April 3 and May bidding timeline

March 31, 2020
All APFA flight attendants

We've made the difficult decision to delay TTS and ETB once again as we work to ensure you receive the most positive outcome possible. A lot happens with the systems at the beginning of each crew base month, and when you add thousands of cancellations and repairs, it can be extremely taxing on our systems. We have over 3,700 sequences that need to be repaired along with 800-900 daily cancellations to enter. We're confident the majority of these repairs can be done in time for an opening run of TTS on April 2. TTS/UBL is open for placing ballots.

UBL is open and running as an option until TTS opens. UBL remains open for the month of April.

Your schedule for April

March 31	TTS (and UBL) currently open and accepting ballots*	
April 2	TTS first run	2300 HBT
April 3	ETB opens	0400 HBT

Delays for April and continued cancellations means systems are delayed for processing May. Below is the timeline to follow for your May schedule.

Your schedule for May – all times are 1200 Central time

April 2	TBS opens
April 6	LRD opens
April 7	TBS closes
April 8	TBS posted
April 10	LRD closes
April 13	PBS opens
April 18	PBS closes
April 21	PBS awarded

Again we apologize for the delays. Please continue to monitor your schedule throughout the month for further changes.
