

Deportee Passenger Procedures

Follow IFM > General Policies and Procedures > Deportees

Deportees are treated as normal passengers.

Upon arrival to destination, law enforcement may be present to retrieve the deportee. Deplaning should proceed as normal.

If additional, non-procedural requests are made by law enforcement upon arrival, verify their credentials and notify the Flight Deck immediately for guidance.

If the Flight Deck is not onboard, contact Inflight Operations Support (682) 315-7070.

Cooperate with the government officials and wait for further instruction from IOS. All flight attendants must file a CERS report as soon as possible and provide the name and agency of the official if able.
